### **(PDF) Seeds of distrust: conflicts over sustainable**

Seeds of Distrust: The Story of a GE Cover-up was a study of government processes and decision making under New Zealand's Labour-led government written by Nicky Hager. The setting was an incident in November 2000 , during the Royal Commission on Genetic Modification , when government officials were alerted to evidence of an accidental release of genetically modified corn plants, which was illegal under New Zealand law.

Within the networks, stakeholders inevitably experience some level of distrust due to the complexity and

uncertainty of the unstructured problems on the sustainability. However, little is known about why stakeholders often distrust with one another in the networks. By analysing a local fracking policy network in NYS, we suggest that distrust is influenced by incongruent ecological worldviews ...

### **Seeds of distrust: conflicts over sustainable development**

Seeds of distrust: conflict in Uganda ... that fighting induces distrust mainly towards people outside the ordinary social network. Moreover, people living in counties experiencing more fighting report a large increase in a self-reported measure of "ethnic identity", i.e., they identify themselves more strongly with their own ethnic group relative to other forms of affiliation ...
