FISITA's purpose is to support and encourage the world's engineers to achieve their goals and create solutions which continually push the boundaries of technology and improve our society, especially where they relate to mobility, safety and the environment.

FISITA - The International Federation of Automotive

Through the Society of Automotive Engineers (SAE) International, automotive experts from around the world developed a classification system for defining driving automation for motor vehicles. This system has been adopted by the U.S. Department of Transportation and the United Nations.
